

MINTING & LEVELING

This chart shows the **TOTAL NUMBER OF BLOCKS** needed **TO REACH EACH LEVEL**

FOUNDER NODES >> MIN. 5% REWARD

Founders will obtain a **minimum of 5% block reward**, and/or the 'leftover' percentage, which initially will be higher when there aren't users in all of the various level tiers, and will decrease over time as minters level up and fill the level tiers

NEWBIES >> HOW TO START MINTING

To start minting you **need to be sponsored** by a Founder or Level 5+ minter. You can introduce yourself to them on the Qortal Discord or on Qortal's own Q-Chat (download the core and UI, and go to the "sponsorship requests" channel). If you purchase a **QORTector** device, you will also receive automatic sponsorship without having to complete interviews or bounties

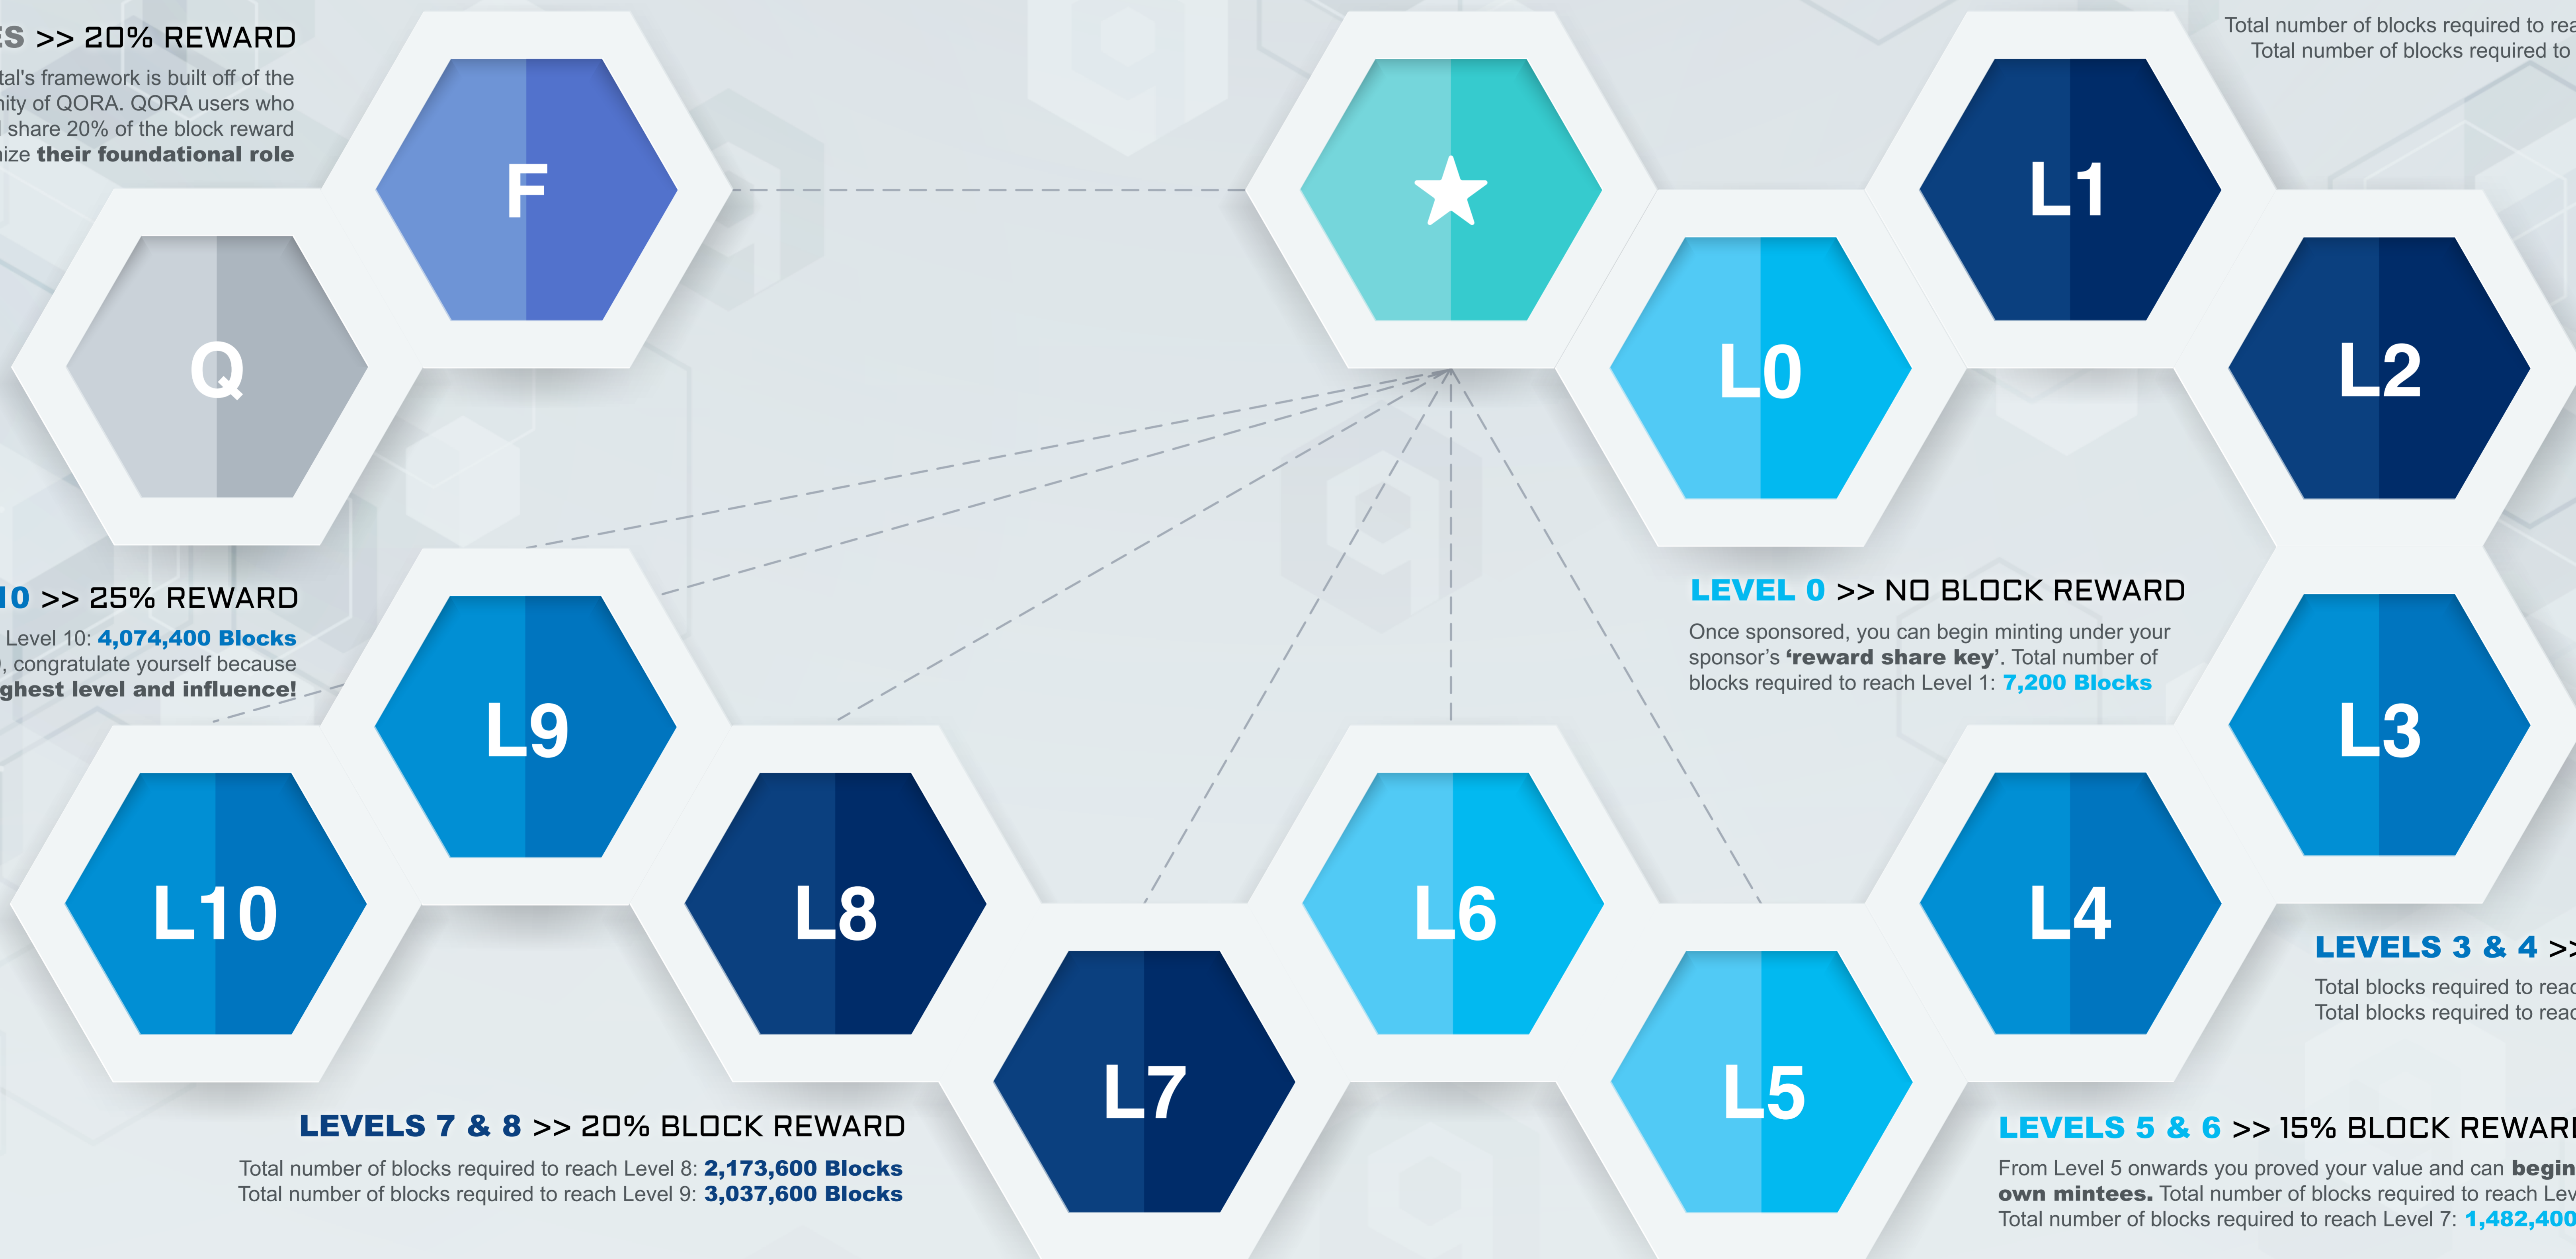

LEVELS 1 & 2 >> 5% BLOCK REWARD

Once you have proven your commitment to the project by staying online for 7,200 blocks, you can move to Level 1 and begin to mint Qorts under your **own private 'minting key'**. Moving up the levels is based on the number of blocks your node is online for on the Qortal network.

Total number of blocks required to reach Level 2: **72,000 Blocks**
Total number of blocks required to reach Level 3: **201,600 Blocks**

QORA NODES >> 20% REWARD

A large part of Qortal's framework is built off of the concepts and community of QORA. QORA users who migrated over to Qortal will share 20% of the block reward to reflect & recognize **their foundational role**

LEVELS 9 & 10 >> 25% REWARD

Total blocks required for Level 10: **4,074,400 Blocks**
When you reach Level 10, congratulate yourself because you've made it to **the highest level and influence!**

LEVEL 0 >> NO BLOCK REWARD

Once sponsored, you can begin minting under your sponsor's **'reward share key'**. Total number of blocks required to reach Level 1: **7,200 Blocks**

LEVELS 3 & 4 >> 10% REWARD

Total blocks required to reach Level 4: **374,400 Blocks**
Total blocks required to reach Level 5: **618,400 Blocks**

LEVELS 7 & 8 >> 20% BLOCK REWARD

Total number of blocks required to reach Level 8: **2,173,600 Blocks**
Total number of blocks required to reach Level 9: **3,037,600 Blocks**

LEVELS 5 & 6 >> 15% BLOCK REWARD

From Level 5 onwards you proved your value and can **begin to sponsor your own mintees**. Total number of blocks required to reach Level 6: **964,000 Blocks**
Total number of blocks required to reach Level 7: **1,482,400 Blocks**

DID YOU KNOW: it takes approximately **14 months** of minting to reach **Level 5** and nearly **7 years 9 months** of minting to reach **Level 10**
